VI. SUPERINTENDENT SUMMARY OF CURRENT EVENTS:

A. UESD Current Events Summary and ESSER Safety and Service Plan update- Ms. Carrie Brandon and Ms. Melanie Block may participate in the update

Good evening,

I'm here to share a summary of current events happening around the district as well as ESSER update. Council began work on creating a scorecard that we can use to monitor our collaborative work aligned to our strategic plan at 30-60-90-day increments. We will then work with departments and schools on creating their aligned scorecards. We look forward to sharing our progress over the next several months.

Council met with consultants from Studer Education in an endeavor to accelerate our continuous improvement process. Council began work on creating a scorecard that we can use to monitor our collaborative work aligned to our strategic plan at 30-60-90-day increments. We will then work with departments and schools on creating their aligned scorecards. We look forward to sharing our progress over the next several months.

We are in full staff recruitment mode, with job fairs, collaboration with recruitment firms, and ongoing local advertising, and sourcing. Thanks to our team for their efforts and for bringing in high-quality caring adults to work with our students.

SYSTEMS THINKING AND ALIGNMENT

At the Hurley Ranch Roof pre-construction meeting last week, we learned that our project will start around May 20th, and continue over the

next five months. We hope to have the tear off done and some of the classroom buildings complete prior to students returning in August. Thanks to

Daniel and our Maintenance staff for working collaboratively with our contractors to ensure we have appropriate staging, access, and

coordination of projects.

March 29th is our deadline to submit our Transportation Modernization grant. We intend to apply for \$2 million in funding to bring electric school buses and the charging infrastructure to Union ESD. Thanks to partners Veregy and Solon for also helping us explore the role of solar in building out this infrastructure. This is a great opportunity to leverage multiple funding sources to modernize our fleet.

Q: Mrs. Doucet asked who's writing our grant.

A: Ms. Morris responded Ms. Immel and me, we have also partnered with Veregy and some other folks that want to be partners. They'll give us some technical support.
